

Message from the Chairman

Welcome to EMPEROR, a world of premium quality food products. It is a brand initiated to reflect our commitment to quality and long term vision, hence strengthening our position as a leading food distribution company in the region.

Being in the international food business for over 30 years, we have been privileged to work with the top people in F&B business, not only within India but internationally. One of the most common concerns shared by the culinary community in the Food Service and HORECA segment is the diversity in the brands, inconsistency in the qualities and irregular supplies. With EMPEROR, we intend to bridge this gap by offering a unique combination of multiple categories of food products with premium quality and consistent supply line under our brand.

Since its inception in 1988, EMPEROR product portfolio has grown multiple folds and today we offer over 800 products under various categories such as Frozen Food, Canned Food and Fruits, Bakery supplies, Sauces and Stocks, Condiments, Purees & Concentrates, Edible Oils, Spices, Dairy Products and Commodities.

Our Research and Development team continues to make progressive efforts to continuously introduce new products with innovative recipes in multiple packaging options to suit different international cuisines and clients. Quality control measures are taken at all levels from product and design development, production, logistics, warehousing and dispatch.

Our current focus remains on Food Service and HORECA but we are closely working on developing our reach to the retail trade in the years to come. Being strategically located, it gives us an added logistics advantage. Health stocks levels are maintained in our state of the art facilities for distribution and also to support consolidated orders of our clients and distributors in 43 countries worldwide.

The people behind EMPEROR are the core reason for its success today and their hard work and dedication will continue to drive our brand EMPEROR to the highest heights. We continue to place great importance on our values of integrity, accountability, honesty and respect while focusing on investing in product development, consumer satisfaction and convenience.

Our catalogue showcase the wide range of products that we offer to our customers worldwide. If you would like any other information or wish to give us feedback, please don't hesitate to get in touch. I convey gratitude to all our team members and business partners for their valuable contributions in supporting and trusting our EMPEROR brand. We look forward to continuous support and association in the years to come.
